Re: FOIA REQUEST

Dear Sir or Madam:

This is a request pursuant to the Freedom of Information Act, 5 U.S.C. § 552 (“FOIA”). This request is made on behalf of the City of Wildwood, Missouri. On information and belief, Mr. David Williams, USEPA Region 7, Superfund Division, is sufficiently familiar with the subject area to locate the requested records with a reasonable amount of effort.

Requested Records

Concerning the Ellisville Area Superfund site in the vicinities of Ellisville and Wildwood, Missouri (hereinafter “the site”), please make available for inspection and copying the following records:

1. A map or other document which sets forth the current boundaries of the site;
2. Each document created, transmitted, or received by EPA after January 1, 2013, which refers to any testing or sampling on the site;
3. Each document created, transmitted, or received by EPA after January 1, 2013, which refers to any cleanup level or remediation goal on the site.

FOIA provides that if portions of a document are exempt from release, the remainder of the document must be segregated and disclosed. 5 U.S.C. § 552(b). Please make available for inspection and copying all non-exempt portions of the documents that we have requested, and we ask that you justify any deletions by reference to specific exemptions allowed under FOIA.

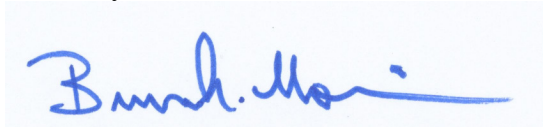

We look forward to your reply within twenty working days. 5 U.S.C. § 552(a)(6)(A)(i). If some of the documents requested require more than twenty days to compile, please do not let that delay the compiling of the remainder of the documents.

Please call me at 314-231-4181 if you have any questions about this request. We may be willing to modify the request to receive a more timely response.
